

# LET'S RETIRE THE MORTGAGE!

Fellow Members:

In little over three years we will meet with the bank to negotiate the next five years interest on our fifteen year mortgage. At that time we can pay off most or all our outstanding debt and could be mortgage free.

This can be possible if every member made a \$25 dollar donation each year for the next three years.

This comes to seven cents of loose change each day.

With the mortgage retired we then can focus on long term funding projects and securing the society's future.

Please support this endeavor by contributing each year or one large sum this year.

Funds will be set aside to pay off the mortgage and extra funds will be used to start an endowment fund.

***As always thank you for your support.***

Greg Smith  
*President*
